“The Last Six Minutes- A Mothers Loss & Quest for Justice”

Sandra Martins-Toner is the Founder and Executive Director of Families Against Crime & Trauma, (F.A.C.T.), an organization born as a result of the random and senseless murder of her sixteen year old son. Sandra now works tirelessly to help others that have lost a loved one to a violent crime. Her articles appear regularly in magazines and online publications across Canada. Sandra has witnessed first hand the imbalance in the Canadian Justice system, and believes it's time to see the rights of the victims supersede those of the offenders.
